

Division of work

Our program can be majorly divided into three parts:

Pre-processing and Linear regression: This part was jointly done by Kavya Guruprasad and Nandini Goswami.

Kmeans : This part was jointly done by Kavya Guruprasad and Sarita Bhateja.

Case Base reasoning and overall compilation of code: This part was jointly done by Sarita Bhateja and Nandini Goswami.

Our documentation:

Kavya: Responsible for introduction and algorithms used, referred work

Nandini: Responsible for program clarity, sample output, referred work

Sarita : Responsible for evaluation and results, discussion, referred work
